EAST TENNESSEE ECHOES

Grandly to the Music of Republican Victory.

M'INN COUNTY.

Special Dispatch to the Chronicle.

ATHENS, TENN., Aug. 5.—Returns from all but three or four districts show that the republican ticket has been elected by from one fifty to two hundred majority. Some precincts are yet to hear from, but they will not be sufficient to change the result. The election was quiet except a small row between a Knoxville drummer and a negro.

HAMILTON COUNTY.

Special Dispatch to the Chronicle.

CHATTANOOGA, TENN., Aug. 5.—The republicans won an overwhelming victory in Hamilton county to-day. They carried every ward in the city of Chattanooga, giving H. J. Springfield, republican candidate for sheriff 470 majority, and A. J. Gahagan, for trustee, 896, Murphy (white) and Willis (colored), both republicans, were elected constables. The republican majority in the county on sheriff is 600, and on trustee from 1,200 to 1,500.

SHELBY COUNTY.

Special Dispatch to the Chronicle.

A private dispatch received here from Memphis states that the whole democratic ticket in Shelby county has been elected by about two thousand majority. There were three tickets in the field, democratic, republican and national.

LOUNDS COUNTY.

Special Dispatch to the Chronicle.

LOUNDS, TENN., Aug. 5.—Mr. Editor: Our election passed off quiet to-day, as far as the districts are heard from, they stand as follows for sheriff: 1st district, Joe Fouts, 172; Griffiths, 103; Fouts's majority 68. 2d district, Fouts, 57; Griffiths, 4; Fouts's majority 47. 3d district, Fouts, 41; Griffiths, 28; Fouts's majority, 15. 5th district, Fouts, 129; Griffiths, 27; Fouts's majority 102. 9th district, Fouts's majority 47. 10th district, Fouts, 97; Griffiths, 27; Fouts's majority 70. 11th district, Fouts, 64; Griffiths, 13; Fouts's majority 51, making a majority from the seven districts heard from of 400, with five districts to hear from, which will give Fouts an additional majority of from 100 to 200 votes, which will make a total majority for Fouts of 500 to 600. We will give full returns when they get in from all the districts.

Respectfully,

From Mr. E. P. McQueen who came up on yesterday evening's train, we learn that the official count reflects J. D. Fouts sheriff by about 490 majority. J. H. Williams, the republican nominee, was also re-elected trustee by an overwhelming vote, having double the number of both his opponents, democratic and independent.

ANDERSON COUNTY.

The vote in Anderson county, Thursday night, as far as received, elects the republican ticket by a good majority. It stood as follows: For sheriff, J. A. Brown, rep., 917; Sam. Black, dem., 724. For trustee, J. H. Hick, republican nominee, 981; Henry Clear, independent 678. One district to hear from would swell the majorities of both Brown and Hicks.

CAMPBELL COUNTY.

The vote of Campbell county stood: For sheriff, R. D. Wheeler, independent, 926; J. P. Hollingsworth, republican, 738. For trustee, J. L. Lewis, democrat, 860; R. D. Perkins, republican, 783. This elects both Wheeler and Lewis, and defeats the republican ticket.

JEFFERSON COUNTY.

Our information from Jefferson county is that — Bales, independent republican, is elected sheriff over R. P. Martin, the regular nominee, by about 200 majority. David Thornton was elected for trustee without opposition.

MONROE COUNTY.

A friend writes us from Sweetwater that the returns from Monroe county, so far as received yesterday, indicate that Ghormley, democrat, for sheriff, will have about 300 majority. Hudson, republican, for trustee will be elected, he says, by about 50 or 75 majority. The election was a quiet one.

Special Dispatch to the Chronicle.

SWEETWATER, Aug. 6, 8 P. M.—The official returns of Monroe county give Ghormley, democrat, candidate for sheriff, 324 majority; Hudson republican candidate for trustee, 177 majority. The Hancock and English flag has been lowered to half mast.

BALBO HANGED.

New York, Aug. 6.—Pietro Balbo, the Italian wife murderer, left the jail at 8:14 o'clock this morning. Prayer at the gallows was offered by Father Anacans. Balbo was hanged at 8:17. At 8:21 o'clock he was lowered and his pulse was examined. He was taken down at 8:38.

HORRIBLE CRIME OF A MOTHER.

NEW YORK, Aug. 6.—A special from Americus, Ga., gives the following particulars of a crime committed in Webster county, twenty miles west of that place, on the evening of August 4th. It states that Woodson L. Gunnells, a well-to-do farmer, left home to visit a sick neighbor, and returning at 10 p. m., found his wife and nine of ten small children in a horrible sleep from the effects of morphia administered in lemonade by Mrs. Gunnells. There is no doubt that she prepared the fatal beverage and administered it to the children and drank it herself with fatal intent. Mr. Gunnells was married to this, his second wife, seven years ago, and has by her four children; the other six are by a previous wife, and as far as known the stepmother has been a dutiful and kind parent to them. Mrs. Gunnells is from a highly respectable family. A note in the handwriting of Mrs. Gunnells was found under the morphia bottle, in which she stated that she had deliberately administered the morphia to the children and herself with the intention of destroying them all, and that she was not actuated by any domestic trouble. Owing to the lapse of time before medical aid arrived, Mrs. Gunnells' case was hopeless. She lay on her back in bed in an unnatural sleep, produced by the fatal drug, and all efforts of the physicians and sympathizing friends to restore her were futile. The children's case was not so hopeless, and by the unceasing efforts of the physicians, some of them showed signs of returning consciousness. All of the step-children and some of the younger children are now thought out of danger. The youngest, an infant of a few months, was saved by the fact that the mother could not introduce enough fluid down its little throat to destroy life. Probably three of the children will die. These three are presumed to have drank more freely of the deadly poison than the others.

The dispatch concludes: "All the evidence taken negatives the idea of insanity, and points directly to a cool, deliberate determination on the part of the hitherto quiet, kind hearted lady to take away her own life and that of her family, and at the same time conceal from the world the cause of her act."

YELLOW FEVER.

NEW ORLEANS, Aug. 5.—Dr. S. T. Trowbridge, U. S. Consul at Vera Cruz, in a letter to the quarantine officers of New Orleans, dated July 23rd, says: "For the information of your honorable body, as well as for the satisfaction of the citizens of New Orleans and facilities in commerce, I take this opportunity of reporting the high sanitary condition of Vera Cruz." At the present date there is no case of yellow fever, small pox or any of the diseases catalogued by the national board of health, as contagious or communicable in this city, nor is there on the records of the civil register any death from them for this year to date. The death rate from all diseases is less than has been recorded for any half year since my sojourn in Vera Cruz, now eleven years. In all that time vigilant officers of the board of health of Vera Cruz, assisted by the authorities, have labored intelligently and kept the city clear and healthy and I do not expect to be successfully contradicted when I say that this is and has been one of the cleanest cities in the world.

DESTRUCTIVE FIRE.

St. Louis, Aug. 6.—The freight houses of the Indianapolis and St. Louis railroad, two thousand feet of platform, tracks, etc.; also fifty cars, the most of them loaded with merchandise, burned last night. One freight house had considerable cotton, grain and other valuable commodities in it, awaiting shipment, all of which was destroyed. The loss of railroad property and freight is \$100,000. The value of merchandise in the freight house is not known.

THE INDIANS.

LOS PINOS, Aug. 4.—Via Lake City.—One hundred and twenty Uncompagne and thirty-three White river Utes have signed the treaty. The commissioners left this morning for the Southern Ute agency, under escort of company C of the 23d infantry. Chief Ouray goes by the mountain trail to join the commissioners at that point, and assist in obtaining the consent of the White river Utes to grant the treaty.

ATLANTA, GA., Aug. 5.—In the democratic state convention to-day, the first ballot for governor resulted as follows: Colquitt, 209; Lester, 58; Hardeman, 54; Warner, 11; Gartrell, 17.

Nine ballots for governor were taken. On the last ballot the vote stood as follows: Colquitt, 209; Lester, 60; Hardeman, 53; Gartrell, 15, and Warren, 5. It requires 235 to secure a nomination. The convention adjourned until 9 a. m. to-morrow.

DETROIT, MICH., Aug. 5.—The republican convention of the sixth district balloted 250 times yesterday without making a choice and adjourned at midnight until to-day. On the 26th ballot all previous candidates were thrown overboard, and Gen. J. L. Spaulding, of St. Johns, formerly special agent of the treasury department, was unanimously nominated. The nomination was a great surprise to Gen. Spaulding, who was in this city attending to his duties.

WHEELING, W. V., Aug. 5.—The republican congressional convention of the second West Virginia district held at Keyser City to-day nominated Judge J. T. Hoke, of Mineral county, on the second ballot.

CINCINNATI, O., Aug. 6.—The democrats of the 10th Ohio district, at Sandusky, yesterday, nominated Morgan Shafer for congress.

DENVER, COL., Aug. 6.—The republican territorial convention, at Santa Fe, yesterday, nominated Hon. Tranquiline Luna for congress.

NEW YORK, Aug. 6.—The democratic state executive committee is in session to-day at St. James hall, W. O. Fowler in the chair, completing general arrangements for the campaign.

ATLANTA, GA., Aug. 6.—In the democratic state convention fifteen ballots have thus far been taken without any nomination. The ballots showed very little change from yesterday.

On the 19th ballot the vote stood as follows: Colquitt, 211; Lister, 58; Hardiman, 51; Gartrell, 15 and Warner 13. The necessary number of votes to secure the nomination is 234. Adjourned until to-morrow.

COMMITTEE MEETING.

NEW YORK, Aug. 6.—The republican national executive committee met again this morning in the Fifth Avenue hotel. The meeting was held with closed doors, but at its conclusion it was stated that a long discussion was had over the question of sending money and speakers to southern states. Views were heard of representatives from Florida, North Carolina, Virginia and West Virginia. It was also stated that decision was arrived at to send aid to Florida. No conclusion, it was stated, was arrived at in the cases of the other southern states.

The session of the democratic state executive committee was resumed to-day in the St. James hotel. The chair was occupied by Wm. A. Fowler, while David B. Hill acted as secretary, and Daniel D. S. Lamont as clerk. The other members of the executive committee present were Lester B. Faulkner, Daniel Manning, Edgar K. Afgar, Wm. E. Smith, John O'Brien, Hubert J. Thompson. The substitutes were

Michael C. Murphy for John Fox, Edward A. Moore for Geo. Beechdel and Wm. Henry for Wm. A. Pouchet. The absentees were Chas. M. McCune, C. Frank Brown, Wm. F. Moller and Thomas Brown, Jr. After the adjournment of the committee it was stated that only the executive business was transacted. Arrangements were perfected for getting committees on finance, speakers and campaign to work at once. The committee went this afternoon to the headquarters of the democratic national committee, at 138, Fifth avenue, to look at some rooms that have been offered them in that building by the national committee for headquarters during the campaign. The democratic state executive committee will meet again at 4 o'clock this evening in the St. James Hotel. It was stated this afternoon by a person who is supposed to be reliable authority, that the members of the special committee of five to be selected by the democratic state committee from the democratic party in the state, to co-operate with the executive committee, as provided for by a resolution passed at the meeting yesterday, would consist almost entirely of members of the Kelley state committee. This is to be done, it is said, in order to heal the breach in the party and still their differences.

AFGHANISTAN.

LONDON, Aug. 6.—The Times, in its military intelligence column, this morning, says the troops going to India will be one thousand strong. The force will be composed of three companies from Chatham, three from Portsmouth and three from Plymouth. The Chatham party will sail to-morrow. The Indian troop ship, Euphrates, will sail to-morrow with reinforcements.

The Times this morning says the news that Ayob Khan was, up to the first inst., at Sanghar shows that he had retreated a short distance and there is, therefore, little fear of his pressing Gen. Primrose hard before the arrival of Pharee, both of England, and the Indian reinforcements are being energetically dispatched, and six battalions of infantry and three battalions of artillery will soon be passing through the Suez canal. Without counting the recent additions, the total number of troops occupied by the Afghan war is 60,000, of whom 40,000 are within the frontiers of Afghanistan.

In the house of commons this afternoon Marquis Hartington, secretary of state for India, replying to inquiries said the government had no information of any special excitement among the Mahomedans in India. "Doubtless," he said, "they watch with great anxiety the course of events in the east. He read a telegram from Kabul dated the 4th inst., which says: 'The Candahar forces will march Saturday and the remainder of the army will leave Kabul for Gundeamuk Tuesday or Wednesday next.'"

INVASION OF MEXICO.

ST. LOUIS, Aug. 5.—Information comes up from Texas that what is known there as the Grand Army of Occupation, an organization whose object seems to be the invasion of Mexico, under Gen. Dalrymple, is assuming considerable proportions. 300 men are enrolled in Austin and vicinity, and the first regiment of Texas cavalry, of which Col. Armstrong, of Austin, is commanding officer, has three hundred members and recruiting is going on. Gen. F. W. James, who is general of the Texas militia, has been given command of the department embracing Texas, New Mexico, Arizona and California on the first inst. and he has appointed a staff and consultations have been held, but the results have not yet transpired. The movement is attracting a good deal of attention and the belief is expressed that if the government does not interfere serious trouble will result.

RED COATS AND RAGS.

LONDON, Aug. 5.—A Bombay dispatch, dated yesterday, says Mr. Griffin had secured an interview with the ameer, who was nervous on account of the unsettled temper of his followers.

LONDON, Aug. 5.—An official dispatch from Quetta, dated Aug. 4th, says: "Natives report that Ayob Khan was at Sanghar on the first inst. and he appeared uncertain whether to advance or not; also that Ayob entertained no hope of successfully attacking Candahar. These accounts require confirmation."

AUSTRIA.

LONDON, Aug. 6.—A Vienna dispatch says the terrible rains during the last five days have caused a terrible havoc in Silesia, Teplitz and Bohemia. Teplitz is submerged. The damage over a large tract of country is incalculable. Fearful panic prevails in the flooded districts. Numerous casualties have occurred.

Just received, a complete line of Fall and Winter Clothing, at A. Lobenstein's Cheap store, which can not be surpassed in quality or price anywhere.

RAILROAD MATTERS.

CHARLESTON, S. C., Aug. 5.—The opinion of Chief Justice Waite and Judge Bond in the case of Calvin Claffin and others against the South Carolina railroad company was filed in the United States circuit court to-day. The opinion holds that all the hypothecated bonds are good; that the non mortgage bonds are not entitled to the benefit of a lien of second mortgage and are an unsecured claim against the company; that the first mortgage coupons held by the syndicate were purchased by them, not redeemed, and are entitled to benefits of mortgage; that the injunction previously granted shall continue in force until further testimony as to amounts of several liens on the road can be taken. In conclusion, the opinion says complainants are entitled to sale of the mortgaged property subject to ascertained prior encumbrances, but until such decree is prepared the injunctions heretofore issued shall remain in force. The opinion, therefore, sustains the defendants in the case upon the points named, excepting as to granting a sale, and the status of non-mortgage bonds as unsecured debts, on which two points the views of the plaintiffs prevail.

Accident to Capt. Wm. Jenkins.

Capt. Wm. Jenkins, of this city, who has been running a construction train on the Cincinnati Southern railway, met with a serious accident on that road Wednesday evening, getting his left foot and ankle pretty badly mashed up by a collision with a dump car. He was brought up from Chattanooga on yesterday's train, and conveyed to his home on a stretcher and by men kindly furnished by the railroad company. He was suffering considerably from the injury, and what will be the result, whether it will have to be amputated or not, can not be known.

Two Spanking New Engines.

The East Tennessee, Virginia and Georgia railroad company have just received from the Baldwin works at Philadelphia two spanking new locomotives for use in running their passenger trains. They arrived Wednesday night and are now in the shop, being put in condition to go on duty. They are mammoth engines, the largest ever brought to this country, and will pull a train with much ease. They are numbered 37 and 38. Engineer Matt. Franklin is to take the former and John Maxey the latter. They will be taken out on their trip next Monday, and will be brota pulling freight.

A Good Experience.

Every one knows if they will think a moment, that hand-made harness is far better than machine-made. Miller's is all hand-made, and as low as the others sell machine-made. Go to them for bargains in Saddles, Brides, Collars, Saddle Hardware, and Whips. Special bargains to merchants. Labrador Cod, and Straight's Oil to exchange with tanners for leather.

Robinson's Great Circus.

The boards about the city are now adorned with the flaming bills, and the windows handsomely ornamented with portraits, etc., heralding the coming of John Robinson's great world's exposition, which will take place in Knoxville on Thursday, the 19th inst. This show is acknowledged to be by far superior to anything on the road and is of mammoth proportions, consisting of all the attractions imaginable.

Besides the vast concern which Mr. Robinson started out with, he has just added some superb attractions by the purchase of a bankrupt circus in Pennsylvania. The two will be combined here, and it will make by far the grandest exhibition ever put under canvas in our city. All lovers of amusement and fun should hold themselves in readiness for this coming event.
